INVERTER PETROL GENERATORS

Inverter Petrol Generator GSEm 2202 SBi

Inverter petrol generator, 4-stroke petrol engine, low fuel consumption, low noise.

Advantages:

- 4-stroke, air-cooled high quality petrol engine
- DC protector
- Output indicator light
- Low oil alarm light
- Ground (earth) bolt and nut
- Economy control switch for low fuel consumption
- Large fuel tank (larger than most competitors)
- Overload alarm light
- Manual start

Technical data:

Max Power	2000 W
Rate Power	1800 W
Dual Power	No
Voltage	230 V
Socket	2x230V, 1x12V, 2xUSB
ATS Connector	No
Voltmeter	Digital display
Over Voltage Protector	Yes
Displacement	79 cc
Start System	Manual
Fuel Capacity	4 l
Run time 75% load	4 hr
LPG	No
Dimensions (LxWxH)	540x325x490 mm
Weight	21 kg
