Scrubber SMB 4500/1000T

SMB 4500/1000T is equipped with:

- Simpler operation: The operation panel is clear and easy to use with simple training; Easy disassembly of the suction cup and brush cover without the need for tools, making it easier to clean and maintain;
- Dual drainage system, convenient for discharging sewage and clean water; The wide mouth sewage tank design makes cleaning more convenient;
- Safer driving with dual sided tires, misaligned tread design, better grip, and more stable driving;
- Seat sensing device, preventing improper operation and making it safer;
- Anti rollover bracket design to prevent excessive turning angle and rollover, making it safer;
- Rubber anti slip casters with more load-bearing surfaces, making them smoother and safer;
- Higher efficiency: extra-large water tank, extra-long battery life, standard ECO energy-saving mode, higher efficiency;
- More flexible driving: The front drive wheels can rotate 90 degrees left and right to ensure the minimum turning radius, making it more flexible to use in narrow areas.

TECHNICAL DATA

Order No.:
