Scrubber SMB 6000/1050T

Scrubber SMB 6000/1050T is equipped with:

- Integrated circuit controller, one-button start function, automatic detection of fault warning.
- ECO energy-saving mode, can greatly increase the working time.
- Double push rod motor, automatic lifting wiper and brush plates.
- The use of hot mix water tank, toughness is stronger, durable collision resistance.
- Sewage full intelligent stop alarm protection.
- The electric brake is lifted to prevent the machine from moving by hand when the power is insufficient.
